

1 April 2022

Dear Residential Care Residents, Families and Staff

Further to our previous communication we are pleased to advise that residents of Banksia, Lillipilli and Prospect are once again able to welcome visitors and go on excursions.

Our COVID-19 testing protocols have been completed with no further positive test results. This is good news and a testament to the efforts of staff and residents during what has been another disruptive week for our broader Northern Rivers communities.

Our staff are continually inspired by the fortitude, strength and humour exhibited by residents during times of adversity. They are truly remarkable.

As you would be aware community cases continue to rise and we once again take this opportunity to encourage everyone to consider regular testing prior to visiting your loved ones in aged care.

Thank you once again for your support.

Kind Regards

Kelli Potts
