

3 June 2022

Dear Residential Care residents and families,

Following on from previous correspondence, I'm writing to keep you up-to-date regarding our COVID-19 status in our Riverview and Rosebank wings within our Residential Care Facility.

We now have one further resident in Rosebank who has tested positive to COVID-19.

All residents are receiving great care led by our Clinical Manager Kelly Roberts (Nurse Practitioner) and under the direction of our GPs.

It's good to remember the vast majority of our residents are fully vaccinated and have received booster shots, which as we know reduces the severity potential of COVID-19.

Our ongoing COVID-19 testing regime is being guided by the Local Public Health Unit, who continue to provide us with positive feedback regarding the management of the outbreak.

I will continue to keep you informed as things progress.

Please share with family and friends who may not be on our mailing list.

Kind regards

Michael Penhey
CHIEF EXECUTIVE OFFICER
